

FGPC Club Small Boats - Availability and Use

Priority for the use of FGPC's club-owned small boats, including OC1s and OC2s, will be given to persons who are registered in FGPC's club programs, independent programs, or small boat program, and who are not concurrently registered at another paddling club that has small boats available for its members to use. Due to high demand for FGPC's club-owned small boats, FGPC reserves the right to decline requests to use FGPC's small boats by persons who are registered at another paddling club.
